GEETEE WAS INCHARGE TO DRIVE U.S. PRESIDENT BARACK OBAMA'S ENTOURAGE DURNING HIS VISIT TO INDIA IN 2010

It has been a pleasure to serve one of the most powerful man in the world. Geetee was assigned for its quality service provided to its customer and also due to its large fleet of vehicles and past experience with U.S. Consulate. The event was handled by our in-house event managers and expert staff having experience of more than 35 years in logistic field. Every vehicle provided were under GPS tracking 24x7 and in touch with vehicle drivers all through the event. Every vehicle assigned were inspected by the U.S. Authorities to meet up required standards as security was one of the major concerns. Geetee team fully cooperated with the authorities and made sure to deliver the best. Geetee hopes that they have lived up to the expectation of the authorities and kept up to the international standards. Being in touch with every minute detail during the event was assured by Geetee, as it was a question of India's pride.

SNIFFER dogs from the US Secret Service will get a treatment deserving the first dog of the United States when they visit Mumbai with President Obama's entourage. Customised SUVs will be used to transport the canines around the city as they sniff out any possible security threats.

"The US Consulate has asked for more than 10 customised cars for dogs during the President's visit on November 6 and 7. These cars will apparently move with the President's convoy and will also be stationed across the Taj hotel," a source told MID DAY.

A source from Geetee Travels, the company in charge of the logistics for the visiting entourage, revealed that more than 150 cars, including the likes of Toyota Corolla, along with state-of-the-art buses and trucks have been booked by the consulate.

"It took about two months

for us to organise the logistics. For the comfort of the dogs, the back seats in the cars were removed and the interiors were refurbished to ensure they were no sharp edges. Never before, have we seen such VIP treatment for animals," said the source.

The company has also assigned four cars for sniffer dogs from the Mumbai Police that are stationed near Taj Hotel. The number is set to increase once the President is in the city.

"The logistics company will

have a desk inside the hotel for the convenience of the President's associates. Cars on standby can be accessed at the desk," said a source from the hotel.

In addition to providing the vehicles, Geetee Travels has also trained their staff in basic etiquettes before they interact with the US personnel. "We have given basic etiquette lessons to the chauffeurs so that they can communicate comfortably. Greetings like 'welcome madam/sir, good morning' etc has been taught

K-9 CANINES

IN the 70s, the US Secret Service created the K-9 division, which paired specially trained dogs with handlers, or K-9 Technicians. These special dogs were trained to detect drugs, explosives, and firearms. Although German Shepherds were first used, the Secret Service now uses only Belgian Malinois dogs from Holland. Known for their adaptability to new climates and environments and their work drive, these dogs are exceptional members of the Secret Service. They generally work 7-11 years in the Secret Service and grow to an average 75 pounds.

to them," revealed a source.

Explaining the ordeal, the source said, "The past three months has been very challenging. There was a trial run where we were assigned the to look after the logistics of a small team. They appoint us after they were satisfied with our work." Geetee has also been asked to submit ID proofs of all the involved employees.

Obama's advance team moves into Mumbai's Taj hotel

Vaihayasi Pande Daniel comes across US President Barack Obama's advance team in the sleepy backlanes of Colaba in Mumbai

At 7.25 am, morning walkers/joggers at the Gateway of India were startled by the quiet arrival of a lengthy cavalcade, importantly flashing yellow and blue lights. Consisting of some 10 vehicles -- Mumbai police escort vehicles, an American consulate 26CC-licensed car, a Mercedes bus and five to seven nearly identical trucks -- it slowly inched its way around the heritage wing of the Taj Mahal Palace and Tower and drew up at the hotel's main entrance. This is quite obviously United States President Barack Obama Advance Team.

But a casual query to a young American handling the unloading was met with a guarded assessment and then a categorical "No, no," a demeanour that clearly brooked no further curious questions. The trucks, which all belong to **GeeTee Carriers** of Saki Naka, Andheri East (in Mumbai's north-western suburbs), with the help of the Taj Hotels senior staff including the unmistakable General Manager Karambir Kang, were parked up near the garden that is home to the statue of Chhatrapati Shivaji Maharaj, a few furlongs from the giant assortment of beggars and waifs that treat this pavement as home. The vehicles are said to contain some of the tonnes of technical equipment required for the US Presidential trip. And from the Mercedes bus, also a GeeTee vehicle, the 20-25 American team members disembarked and poured into the hotel that is now surrounded by a fresh set of seven-foot-high iron barricades.

Andheri firm to drive Obama entourage

Very few people are as busy for preparations of the US president Barack Obama's visit as a small company located in a corner of the western suburbs in Andheri (East) in a predominantly residential area of Om Nagar.

Geetee Travels is the company in charge of the logistics and transport for the visit of the world's most powerful man.

The company, first called Goyal Travels, was initially a freight transport company, but later diversified into hi-end cars

and carriages. It was rechristened as Geetee, an amalgamation of the letters, G and T.

Sources said the company was short-listed from many others in the race, including global travel firms. Sources added the company was first asked to work on a smaller assignment, and the contract was given only after the officials were satisfied with the work.

"The company owns a fleet of 300 high-end cars, buses and trucks," one of the company's clients said.

In the past, the company has provided services to various consulates and major wedding

events, including the wedding of Abhishek Bachchan and Aishwarya Rai, Turf Club and cricket events. It has now been asked to submit ID proofs of all

the involved employees for strict security scanning.

For the Obama visit, more than 150 high-end cars, along with Volvo and Merc buses have been booked by the US consulate for the entourage, and the company will be stationed at the Taj to co-ordinate the requirements, the sources said, adding that some vehicles had to be modified and refurbished according to requirements and the staff is being trained in manners and etiquette sessions. The sniffer dogs with the entourage will also get special vehicles.

अमेरिकन सुरक्षा यंत्रणांची सामग्री दाखल

मुंबई, २७ ऑक्टोबर / प्रतिनिधी

अमेरिकन राष्ट्राध्यक्ष बराक ओबामा यांच्या अधिकृत मुंबई दौऱ्याचा तपशील पोलिसांकडे नसला तरी त्यांचे वास्तव्य ताज महल पॅलेस आणि टॉवरमधील प्रशास्त स्वीटमध्ये असणार हे स्पष्ट झाले आहे. अमेरिकन सुरक्षा यंत्रणांची प्रचंड सामग्री आज सकाळी ताज हॉटेलमध्ये दाखल झाली.

ग्रेस्ट ऑफ होप

असल्याचे एका अतिवृद्ध अधिकाऱ्याने 'लोकसत्ता'ला सांगितले. अमेरिकन सुरक्षा यंत्रणांनी आणलेल्या सामग्रीमध्ये प्रामुख्याने उच्च प्रतीचे स्पाय कॉमेरे, सीसीटीव्ही

तसेच सुरक्षा यंत्रणांचा २५ अधिकाऱ्यांचा चमूदेखील आतापासूनच कार्यरत झाला आहे. ताज हॉटेलमधील अंतर्गत सुरक्षा व्यवस्था ही पूर्णपणे अमेरिकन सुरक्षा यंत्रणांकडूनच पाहिली जाणार आहे. मुंबई पोलिसांना फक्त तिसऱ्या टप्प्याचीच सुरक्षा व्यवस्था पाह्यावी लागणार आहे. ताज महल हॉटेलच्या आवारात आज सकाळी साडेसातच्या सुमारास साकिनाका येथील गौ टी टूव्हेल्स ऑफ इंडिया या कंपनीचे एकाच पद्धतीचे सुमारे सात मालटुक भरून सुरक्षा सामग्री उतरविण्यात आली. या गाड्यांसमवेत मुंबई पोलिसांची एस्कॉर्ट जीप तसेच अमेरिकन दुतावासाची गाडी तसेच मरिसीडेस बेन्झ वस होती. या वसमधून सुमारे २५ अमेरिकन सुरक्षा अधिकारी ताजमध्ये दाखल झाले. अमेरिकन राष्ट्राध्यक्षांच्या आगमनासाठी साधारणतः दहा दिवस असतानाच या काफिल्याने ताबा घेतला आहे. पुढच्या आठवड्यात अमेरिकन सिक्रेट एंजंट तसेच लष्करी अधिकाऱ्यांकडून हॉटेलचा संपूर्ण ताबा घेतला जाण्याची शक्यता वर्तविली जात आहे. अर्थात या सुरक्षा व्यवस्थेची मुंबई पोलिसांना अजिबात कल्पना नाही. फक्त या सुरक्षा यंत्रणांनी मागितलेली मदत पुरवणे इतकेच पोलिसांच्या हातात

यंत्रणा तसेच सात फूट उंचीचे लोखंडी बॅरिकेडस् आदींचा समावेश असल्याचे सांगितले. परंतु नेमके काय आहे याची पोलिसांनाही कल्पना नसल्याचे सांगण्यात आले. दरम्यान, गेट वे ऑफ इंडियासमोरील सर्व प्रवासी तसेच खासगी नौका, याचेसही नोंदणी करण्यास पोर्ट विभागाच्या पोलिसांनी सुरुवात केली आहे. या सर्व नौका पोलिसांनी आखून दिलेल्या ठिकाणी उभ्या कराव्या लागणार आहेत. याशिवाय ताज महल हॉटेलला समांतर असलेल्या समुद्रात अदृश्य जाळीचे आच्छादन पसरविण्यात आले आहे. ३३० किलोमीटर पर्यंतच्या परिसरात भारतीय नौदल, तटरक्षक दल तसेच अमेरिकन नौकांद्वारे गरत घातली जाणार असली तरी कुणी समुद्रातून येऊन हल्ला करू नये यासाठी ही काळजी घेण्यात आल्याचे सांगण्यात आले. ओबामा यांच्या वास्तव्याच्या काळात रॅडिओ क्लब तसेच बर्केले कोर्टपर्यंत परिसर बंद करण्यात येणार असल्यामुळे तेथील रहिवाशांची गैरसोय होऊ नये यासाठी अमेरिकन सुरक्षा यंत्रणांशी चर्चा केल्यानंतर ओळखपत्र द्यायचे किंवा नाही, याचा निर्णय होणार असल्याचेही पोलिसांनी सांगितले.
